

August 2011

Dear Parents,

YBH is pleased to offer you an opportunity to support the library in your children's school in their honor. We have instituted a Birthday Club, through which you can dedicate a new book in the school library in honor of your child's birthday. This is a wonderful opportunity to support literacy and learning, to show your child this support, and to help them feel involved in their school by being a giver.

**For only \$18, your child will have the opportunity to come to the library on a day close to his or her birthday and select a newly acquired, age-appropriate book to bear a bookplate with his or her birthday dedication.** Your child will then be the first to borrow the book. You can sign up now for all of your family birthdays in the upcoming year, which will help us have the book ready for your child by their special day.

For further information and forms, or to purchase non-birthday library dedication cards or book dedications, contact Yael Rosenthal at 973-249-9105, or at [ariyael@optonline.net](mailto:ariyael@optonline.net).

Thank you,

Yael Rosenthal

Anya Giloni
